RUDOLPH VALENTINO What did women want? Valentino. What did he want? Difficult to say, since he died of an unromantic perforated ulcer at the age of 31—just weeks after posing for this *Vanity Fair* portrait—probably before making up his mind. He was the biggest funeral a bodyboy ever had. The term “Latin lover” was his property; even as an Arabian lover in *The Sheik* (1921), he did enough work for four horsemen. Helped create the tourist trade in North Africa—for women, oddly enough.
